INSIDE THE COTTAGE

Slippers, please

SMOKING

Outdoors only

Welcome to Chaloupka u Lízy. A few simple rules to help everyone enjoy a cottage worth coming back to.

01 Saving water

Water is precious here. Please turn off the tap while soaping up or shampooing your hair.

Let the dishwasher do the washing up. It saves water and leaves you more time for coffee on the terrace.

02 Pets stay downstairs

We love our furry guests. Please **keep them downstairs** to protect the wooden floors upstairs.

Clean up after your pet indoors and in the garden so that future guests can enjoy their stay too.

03 Smoking outdoors only

Smoking is prohibited throughout the cottage, including e-cigarettes. You are welcome to smoke outside.

Please help us keep the garden clean. Do not drop cigarette butts on the grass.

04 Slippers indoors

Please take off your outdoor shoes as soon as you come in. This protects the wooden floors and keeps the cottage clean.

Slippers are provided for you. Please leave them in the cottage when you depart.

05 Peaceful evenings

Quiet hours are from 22:00 to 8:00. Please be considerate of our neighbours, especially in the garden and parking area.

Late outdoor gatherings must also be quiet. Keep music and voices low enough that they cannot be heard outside the property. Enjoy a peaceful evening with a cup of tea under the stars.

06 Sorting waste

Put plastic and glass in the appropriate recycling bins and organic waste in the compost.

You will find the recycling bins down in the centre of the village square. Before leaving, please take out your rubbish and sort it into the correct bins.

07 Caring for equipment

Games and sports equipment are here for you to enjoy. Please handle them with care so that future guests can enjoy them too.

If anything gets broken or lost, please let us know. We will agree on a solution together.

08 Enjoying the sauna

Bring a **sheet** into the sauna for your comfort and hygiene. Afterwards, open the door, secure it in place and let the sauna air out.

Close the door in strong winds to prevent damage. Please use the sauna thoughtfully; electricity is charged according to actual consumption.

09 Before you leave

Wash the dishes and put them away. Take your rubbish to the correct bins.

Do a basic clean and leave the cottage tidy. Check that you have packed all your personal belongings.

We will take care of the thorough cleaning and prepare the cottage for the next guests.

10 Using energy wisely

Electricity is charged according to actual consumption in line with the General Terms and Conditions.

Heating water is one of the main uses of energy. Please save hot water and switch off lights and appliances when you do not need them.

*Thank you for helping us care for the cottage.
Relax, unwind and enjoy your stay.*
